1. **Call to Order:**
Chair, Kevin Fowler, declared a quorum present and convened the meeting at 6:00 p.m.

2. **Classified Staff Council Presentation**
As prescribed in West Virginia Code §18B-6-4b, the Classified Staff Council held its annual meeting with the Governing Board to discuss matters affecting classified employees. Ms. Debbie Dingess, Classified Staff Council Chair, introduced Classified Staff members present, Martha Lee-Paige, Patricia Miller and Chris Gray, then presented a PowerPoint Presentation to the Board on issues of concern that have an impact on classified employees.

3. **Board of Governors Committee on Tuition and Fees Report**
Mr. Tom Heywood, Chair of the Committee on Tuition and Fees, presented the committee’s 2009-2010 tuition increase and student technology assessment fee proposal to the Board of Governors. The committee recommended a minimum tuition increase of 9.5% per credit hour for resident students for the next five years (2009-2010 — 2013-2014) beginning with the 2009-2010 academic year. Additionally, the committee recommended a technology assessment fee of $100 per FTE per year beginning with the 2009-2010 fiscal year.

A moderate tuition increase to $1,512 per FTE per semester or an annual full-time tuition cost of $3,024, would generate approximately 80% of the revenue needed during this five-year period. If the system tuition increase continues at 4.75%,
Southern will not reach the average credit hour cost within this five-year period.

There is a critical level of under funding technology at Southern West Virginia Community and Technical College. Major changes are needed to immediately address critical gaps by outsourcing some services. An infusion of technology resources is needed to bring classroom technology, work stations, and servers up-to-date and networked with access to shared servers and printers/ peripherals. Key staffing changes should be quickly made to bring the IT environment to a secure, stable environment providing adequate services to the College.

On behalf of the Committee on Tuition and Fees, Mr. Heywood will bring a formal recommendation before the Board for adoption at its February 17, 2009 meeting.

4. Chancellor’s Report

President Tomblin introduced the Chancellor for the Community and Technical College System of West Virginia, James Skidmore, to the group and provided his background. Chancellor Skidmore provided board members with an overview of state priorities for 2009-2010.

5. President’s Report:

1. The grand opening ceremony for the new Allied Health and Technology Center was held on Wednesday, November 12, 2008. Senator Earl Ray Tomblin was the featured speaker during the formal ceremony attended by approximately 250 dignitaries, guests and students. The event culminated in a ribbon cutting ceremony and tours of the facility by Southern’s Student Government Association members and Allied Health students.

2. The President’s High School Visiting Team has completed its schedule of high school visits for this semester. President Tomblin believes Southern’s enrollment numbers will continue to increase due to the continuation of visiting high schools within Southern’s service district.

3. The Board of Governors Committee on Tuition and Fees held two meetings to prepare its presentation for the Board.

4. The legislature has placed a focus on recruitment of the adult population, because the state must depend on an educated adult population if it is to meet the demands of a skilled workforce. Chancellor Skidmore recently hired a group of consultants to help community and technical colleges with the recruitment and retention of adult learners. Five representatives were selected for each higher education institution including the president to develop specific strategies for their colleges. Southern’s representatives in addition to its president include Darrell Taylor, Prudence Barker, Cathy Smith-Cox and Cindy Crigger. The team is working with consultants to develop strategies on how to deal with adult learners. At its December 2 meeting, the team set three priorities for the upcoming year.
5. President Tomblin expects the institution to begin using web cams to provide students better access to counseling services; specifically adult students. She may reorganize the Student Services Unit to better serve adult students.

6. Ms. Joanne Chabot, Technology Consultant, has completed the technology assessment and sent a report of findings to President Tomblin. It will take some time to move forward with the implementation of suggested recommendations.

7. The West Virginia Coal Association will hold its next meeting on Southern’s Logan Campus on December 10, 2008. Members will have an opportunity to visit the Academy for Mine Training and Energy Technologies.

8. Southern will hold its second annual Appalachian Leadership Academy induction ceremony at the Brass Tree Restaurant in Williamson, WV on December 17 for its 2009 Appalachian Leadership Academy fellows. The six students will receive a full scholarship to attend Southern and up to $500 for books.

9. The annual Tug Valley Chamber of Commerce and Southern West Virginia Community and Technical College Legislative Luncheon will follow the ALA induction ceremony at noon at Southern’s Williamson Campus.

10. The College will be closed December 19, 2008 through January 4, 2009 for the upcoming Christmas and New Year’s holidays.

11. The Harmony Week Steering Committee is working on activities for February 2009. Reverend Billy Kyles will serve as guest speaker for the luncheon scheduled for February 26.

12. Southern’s dual credit enrollment for the fall 2008 semester is 444. This is an increase of several hundred students from last year. President Tomblin expressed her thanks to Dr. Cindy McCoy for leading this effort.

13. The College will submit an RFP to Chancellor Skidmore for a Central Sterile Supply program for the fall 2009 year.

6. **Financial Report**

Chief Financial Officer, Sam Litteral, provided the financial report dated November 30, 2008 to Board members. He reviewed restricted, unrestricted, and auxiliary revenues and expenditures. These figures reflect the budgeted amount with actual year-to-date totals.

7. **Financial Audit**

The accounting firm of Suttle and Stalnaker, PLLC, conducted the financial audit for Southern West Virginia Community and Technical College for the fiscal year ended June 30, 2008. Suttle and Stalnaker representative and Certified Public Accountant, Chris Deweese, discussed details of the accounting firm’s findings with respect to financial reporting. The accounting firm provided copies of the audited financial statements to the Board for review prior to the meeting. The report is intended solely for the information and use of the College’s Governing Board, managements of the College and the West Virginia Council for Community and Technical College.

Tuition Increase
and
Student Technology Assessment Fee Proposal for 2009-2010

Presented by:
Southern West Virginia Community and Technical College Board of Governors
Committee on Tuition and Fees

Mr. Tom Heywood, Chair
December 9, 2008
POINTS FOR CONSIDERATION

1. Southern expects flat or reduced appropriations from the state in the next five years.

2. In the last two years, to meet the needs of business and industry, Southern has initiated new technical programs in respiratory care, dental hygiene, salon management/ cosmetology, and survey technician.

3. There has not been a consistent process for granting tuition increases for West Virginia’s community and technical colleges. Southern’s tuition rate is significantly lower than that of previously administratively-linked community and technical colleges.

4. For the 2008-2009 fiscal year, Southern and Eastern were the only community and technical colleges that did not receive their full tuition request.
5. Southern’s operating costs (gasoline, insurance, utilities, etc.) have continued to escalate during the last five years. The completion of a new 55,000 square foot allied health and technology facility has added significantly to these expenses.

6. The dollars allocated to individual units and departments has decreased in the last three years due to budget restrictions. Southern has been unable to fund necessary technology upgrades for classroom instruction and essential administrative functions.

7. During the last five years, Southern’s tuition has increased by $286 per student. The system average has increased $448 per student during that same time period.

8. Southern’s annual tuition rate is $854 below the current Community and Technical College System average (2008-09).
9. Southern had 246 FTE more than the system average for 2007-08.

10. According to the National Center for Education Statistics, the total estimated expenses for a Southern student in 2007-08 was $7,176, the lowest of all community and technical colleges in West Virginia. This is $3,351 less than West Virginia Northern Community College, the next lowest in cost.

11. Based on 2007-08 enrollment and current tuition rates, Southern receives approximately $2,611,065 less in annual tuition than the system average.

12. Compared to national and state peers, and local competition, Southern has the highest percentage of students receiving Pell grants (63%) and the smallest percentage obtaining loans (5%).

13. Southern operates more campuses and sites than any community and technical college in West Virginia.

COMMITTEE ON TUITION AND FEES RECOMMENDS

A minimum tuition increase of 9.5% per year, per FTE for the next five years (2009-2010 — 2013-2014).

- This will increase the current credit hour cost from $80 to $126. The annual tuition rate will increase from $1,920 to $3,024.
- The tuition increase will be coupled with a slight enrollment increase during this five-year period, which will assist the College in meeting the needed revenues.
- The tuition increase will generate approximately 80% of the needed revenue.
- The current community and technical college system credit hour average is $124.
- If the system tuition increase continues at 4.75%, Southern will not reach the average credit hour cost within this five-year period.
- Southern will remain very affordable.
Conclusions and Recommendations:

- There is a critical level of under funding technology at Southern West Virginia Community and Technical College.
- Major changes are needed to immediately address critical gaps by outsourcing some services.
- Key staffing changes should be quickly made to bring the IT environment to a secure, stable environment providing adequate services to the College.
- A high level advisory structure to prioritize IT work and to ensure effective communication of needs should be established.
- Critical software needs should be quickly addressed.
- An infusion of technology resources is needed to bring classroom technology, work stations, and servers up to date and networked with access to shared servers and printers/peripherals.
A student technology assessment fee of $100 per FTE per year be initiated beginning with the 2009-2010 fiscal year.

SCP-1375.A, Accident/Incident Report Form

RECOMMENDED RESOLUTION: RESOLVED, That the Southern WV Community and Technical College Board of Governors approve the aforementioned policy SCP-1375, and attachments, SCP-1375.A and SCP-1375.B, following the 30-day public comment period.

STAFF MEMBER: Samuel Litteral

BACKGROUND:

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act or Clery Act is a federal statute codified and was originally known as the Crime Awareness and Campus Security Act. The Clery Act requires all colleges and universities across the United States that participate in Federal Financial Aid Programs to keep and disclose information about crime on and around their respective campuses. The United States Department of Education monitors compliance, and may impose civil penalties up to $27,500 per violation, against institutions for each infraction and can suspend institutions from participating in Federal Student Financial Aid Programs.

The Act requires us to publish and distribute an Annual Campus Security Report disclosing campus policies and three-years worth of selected crime statistics. We must make timely warnings to the campus community about crimes that pose an ongoing threat to students and employees. The U. S. Department of Education centrally collects and disseminates the crime statistics. It also requires us to provide campus sexual assault victims certain basic rights.

At its December 9, 2008 meeting, the Southern West Virginia Community and Technical College Board of Governors approved advancement of SCP-1375, Reports of Accidents/Incidents, and attachments SCP-1375.a and SCP-1375.B, for a 30-day comment period that expired January 12, 2009. No comments were received at the end of the comment period, therefore, the staff recommends the policy as presented to the Board of Governors for consideration for final approval.
