

**SUBJECT:** Use of Institutional Facilities

**REFERENCE:**

**1. PURPOSE**

**2. SCOPE AND APPLICABILITY**

This policy governs the use of institutional facilities by persons or groups.

**3. DEFINITIONS**

**4. POLICY**

The following policy statements are taken from Title 131 Legislative Rule State College System of WV Board of Directors Series 55.

1. Facilities of institutions in the State College System of WV are intended for use in the conduct of educational programs. As such, first priority for the use of facilities will be given to the academic, administrative and student functions at each institution.
2. In its many aspects of service to the public, the board also recognizes the need and permits the use of facilities which may provide benefits otherwise not available in the community. Consideration of requests from campus and off-campus groups will be guided by the following policy statements.
  - a. Use by Off-Campus Groups or Individuals (Non-State Employee)

It is the policy of the State College System Board to permit the use of facilities by the general community in a manner which does not compete with the ongoing programs of the colleges. The community use of a college facility must have an educational or cultural purpose and must have a college sponsor. The facilities that will be made available to non-campus groups will tend to be of a nature which is unique in the community. Use of facilities by non-campus groups or organizations will be permitted within the following guidelines:

- (1) Facilities and support services will be made available only to the extent that their proposed use is not in conflict with the regular programs of the institution.

- (2) The nature of the activities of the non-campus users shall not be potentially physically disruptive of the campus. For instance, local noise ordinances must be obeyed. While this policy may not be construed to preclude the use of facilities based on political philosophy, race, religion, or creed of the sponsor, the nature of the activities to be conducted on the campus shall not be illegal under the Constitution or laws of the Senate of WV or the USA.
- (3) A standard rental/lease agreement accompanied by evidence of such insurance protection as may be required to adequately protect the institution shall be executed by the campus sponsor and also be signed by a responsible officer of the non-campus organization desiring to use a campus facility.
- (4) All charges assessed for the use of campus facilities shall be sufficient at least to cover all identifiable costs of both a direct and indirect nature except that charges for indirect costs may be waived at the discretion of the institution for non-profit organizations and/or public bodies for the State of WV, such as county school systems, etc. All charges must be reasonable, charged equally to all similar groups, and be published in advance. In turn, such groups using campus facilities may charge admission, but only for the purpose of covering the direct and indirect cost of the sponsored activities. All surplus revenue derived from the conduct of an event will accrue to the benefit of the institution, except for public or non-profit groups for which this provision may be waived. An exception to the surplus revenue provision may be granted for certain programs offered during the summer months where the activity generates significant revenues to the housing and dining accounts of the institutions.

b. Use by Campus groups for Non-traditional Programs (State Employee)

To encourage the various colleges to extend their offerings, it shall be the board's policy to permit its facilities to be made available for use by the recognized campus units to conduct educational or cultural programs, including youth camps, for which fees are charged and from which staff members may be paid beyond their regular annual salary. The following guidelines will apply for these activities:

- (1) Faculty and staff members who conduct non-traditional programs may be compensated on the basis of the number of attendees, hours worked, or percentage of net revenue. The conditions for such payments are that: extra compensation for the activity be paid from funds other than state appropriations allocated by the board; and the amount of combined non-traditional and consulting activity for which additional compensation is received is consistent with institutional policy and, where twelve month employees are involved, annual leave is taken. Institutional officials will be responsible for approval of

employees' participating in programs covered by this policy and for maintenance of employee's records of annual leave and/or consulting time.

- (2) All revenues and expenditures shall be handled by the business office of the institution or business office of the campus unit involved. All revenues from these programs shall be deposited into the appropriate state special revenue account. Charges for special services provided by the institution may be deducted from revenues; however, the institution may require that a deposit be made in advance for such services.
- (3) A formal agreement shall be developed and signed by an authorized representative of the group or unit responsible for the program and the president of the institution or his designee. Said agreement shall establish the responsibilities of the institution and the sponsor, including detailed financial obligations to the institution from revenues. All agreements must ensure that the institution will receive reimbursement for all identifiable direct and indirect costs.
- (4) Programs must be sponsored by the institution. The name to be used for the program is left to the discretion of the institution.
- (5) All personnel receiving compensation for the involvement in the programs must be paid on a regular state payroll or a standard WV - 48 service agreement, as prescribed by the original contract agreement.
- (6) All publicity must indicate that checks for payment of fees are to be made payable to the institution and not to an individual or outside organization.
- (7) Adequate insurance must be underwritten by the sponsors of the program.

c. Selling of Articles on College Campuses

All solicitation and selling of products and articles upon property under the jurisdiction of the State College System of WV is prohibited except by organizations and groups directly connected with the institutions and upon written approval of the respective president or his designee.
