Information Technology

Certificate

The Information Technology Certificate Program was developed for career-oriented individuals who seek entry-level positions in IT tech support industries

The Information Technology Certificate Program is designed to provide a thorough background in computer technology, basic troubleshooting and repair, and an introduction to networking concepts.

The full Information Technology Certificate Program is available on the Logan Campus. The Boone/Lincoln, Williamson, and Wyoming/McDowell campuses offer the program support courses only.

2010 National Average Pay: $28,300 per year *(www.bls.gov)*
