**MEMORANDUM OF UNDERSTANDING BETWEEN MARSHALL UNIVERSITY  
AND SOUTHERN WEST VIRGINIA COMMUNITY AND TECHNICAL COLLEGE  
LEADING TO A DOCTOR OF PHARMACY DEGREE (Pharm.D.)**

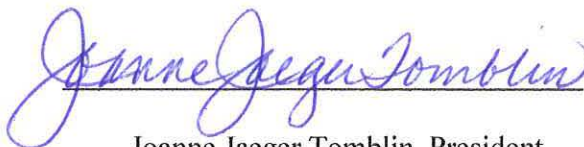

Marshall University and Southern West Virginia Community and Technical College, in order to promote and facilitate the educational opportunities afforded students interested in pursuing a pharmacy education, establish this memorandum of understanding (MOU). This MOU stipulates a series of courses that, when satisfactorily completed by Southern West Virginia Community and Technical College students, will meet the PharmD. degree's prerequisite requirements and facilitate student enrollment within the Marshall University School of Pharmacy.

Marshall University and Southern West Virginia Community and Technical College agree to monitor and support the provisions of this agreement to ensure the consistency, quality, and transferability of students interested in pursuing a Pharm.D. degree. Marshall University and Southern West Virginia Community and Technical College agree to coordinate changes in the course content and/or requirements for any courses listed in the MOU for the purpose of ensuring continued comparability between the courses offered on each campus. Marshall University and Southern West Virginia Community and Technical College agree to renegotiate this agreement when changes to the Pharm.D. curriculum occur or when changes in the graduation requirements for either institution become necessary. This process will be the responsibility of the appropriate deans at both institutions.

Students pursuing the Pharm.D. degree through the memorandum of understanding will be bound by the curriculum description (Appendix A) in effect at the time they are officially accepted into the Pharm.D. program. The attached curriculum sheets dated October 16, 2012 will be in effect until officially changed and agreed upon by both institutions
