

Healthcare and Business Programs
P.O. Box 2900 – Logan Campus
Mount Gay, WV 25637

The **Nursing** Program is designed to prepare graduates to practice as a registered nurse once licensure requirements are met. The Associate Degree Nursing Program prepares students for professional nursing practice while providing a knowledge base for career mobility and further academic study. The program is committed to providing accessible, high-quality nursing education to meet diverse and changing healthcare needs of individuals of all ages in a variety of healthcare settings. The curriculum emerges from the seven core values identified by the National League of Nursing: caring, diversity, ethics, integrity, patient-centeredness, excellence, and holism.

The full Nursing Program is available on the Logan Campus. The Boone/Lincoln, Williamson, and Wyoming/McDowell campuses offer general education/program support courses only.

NU 244	Synthesis of Nursing Concepts	9
NU 245	Professional Nursing & Health Systems Concept	<u>3</u>
		12

*Any college-level course not already specified in the program may be used to fulfill the general education elective requirement.

All courses must be completed with a “C” or better in order to progress.

Courses not designated as “NU” **may be** taken prior to entering the Nursing Program. However, taking such courses **does not guarantee** entry to the Nursing Program.

Competency exams may be required in course/levels in order to progress in the curriculum. The Nursing Program must be completed within three (3) years of admission. Failure to complete the program within three (3) years will result in dismissal.

Requests for readmission will be subject to new student admission requirements for that academic year and will require all nursing courses be repeated regardless of the previous grade.
