

Associate in Arts- Education Program Outcomes

By the end of the program, the students will be able to

1. Demonstrate pedagogy mastery in the content they teach.
2. Apply central concept and evidence-based practices of the disciplines being taught.
3. Implement practices to establish a safe, inclusive, and respectful environment for all students.
4. Plan and deliver effective instruction that facilitates learning for their students.
5. Develop a system to maintain their scholarship to practice.
6. Apply leadership to various instruction scenarios.
7. Communicate verbal and nonverbal messages appropriately to students and others.
